

## **Sawgrass Players Club Association Board Notices**

Dear Resident,

We hope everyone had an enjoyable summer and that this notice finds you well.

As you may recall, in May of this year, the Board voted to approve rule updates to improve safety. Subsequently the county adopted an ordinance to allow eBikes on sidewalks at speeds 10 mph or less which the board intends to discuss and approve at its next meeting on October 23.

In addition to amending the rules, this is to also alert you that the Board will review the draft 2026 budget, which is scheduled to be formally approved at the October 23 Board meeting.

**In accordance with FL Statutes, Ch 720, the rule update and the draft budget shall be available on the website or upon request to [krichland@marshlanding.org](mailto:krichland@marshlanding.org) not later than October 9.**

Sincerely, The Sawgrass Players Club Association Board of Directors
